

STEP 1: Biofeedback Course

This is a ten hour online lecture of the science and history of biofeedback and it consists of 18 video modules and an 804 page training manual. This course is theoretical and does not require a biofeedback device. All of our courses meet the requirement for obtaining a CBT (Certified Biofeedback Technician) or a CBS (Certified Biofeedback Specialist) through the Board of Advanced Natural Health Sciences.

- Course Fee: \$249
- Exam Fee: \$50

STEP 2: Basic Navigation Home Study Course

This is a prerequisite for the Beginners Course. Please review the Basic Navigation manual a minimum of three times cover-to-cover prior to starting the Beginners Course. This is a 163 page manual. You will need to have the Clasp32 software program loaded on your laptop prior to beginning this prerequisite.

- Course Fee: Included with the Beginners course

STEP 3: Beginners Course

This course is designed to immerse novice quantum biofeedback device users in hands-on practical training for utilizing their biofeedback device and its Clasp32 software. This course will be very easy to follow, as we have laid out the groundwork for you in the simplest format possible. It's designed to enhance your stress reduction skills. This course consists of 35 video modules, a 496 page training manual and an additional 155 pages of supplemental reading material.

- Course Fee: \$699
- Exam Fee: \$50

STEP 4: Commence the Coaching Course

Complete the first three online modules of the Coaching, Consent and Compliance Course (Course Overview; Legal Language & the Law; Compliance). The remainder of the course is to be completed it in Step 10. This course consists of 7 video modules.

- Course Fee: \$249
- Exam Fee: \$50

STEP 5: Biofeedback Technician Application

Upon completion of the Beginners Course, Biofeedback Course, and first three modules of the Coaching Course, each student is given the opportunity to become a Certified Biofeedback Technician (CBT), which is accredited through the Board of Advanced Natural Health Sciences. The fee for the CBT certification is \$149 and the annual renewal fee is \$59 all made payable to BANHS. See www.banhs.org (Applications/Biofeedback Certification) for details. The CBT will allow you to apply for professional liability insurance. The benefit of becoming a Certified Biofeedback Specialist (CBS) after obtaining a CBT is that you can be an independent practitioner as a CBS.

STEP 6: Liability Insurance

The CBT will allow you to apply for professional liability coverage through a qualified insurance company. See www.banhs.org for details.

STEP 7: Anatomy & Physiology Course

You must take this course or the equivalent (as documented by transcript or license) as a prerequisite to the Advanced Course, as well as being required for Certified Biofeedback Specialist status. This is a home study course and it includes a 520 page textbook. Completion of the course requires that you take and pass the Anatomy & Physiology online exam.

- Course Fee: \$249
- Exam Fee: \$50

STEP 8: Competency Hours (300 Hours Practicum)

Candidates for certification as a Certified Biofeedback Specialist with the BANHS must complete a 300 Hour Practicum on their biofeedback device to become skilled at navigation. We will not call these “supervised hours” but rather “skill development/competency practicum hours. Any such development time incurred in a clinical or professional setting while under the approved supervision of a CBS shall be counted as double time. Such supervisory approval may be authorized only by BANHS. The memorialization of hours needs to include the date and hours for each activity and list a client code name or number and short description of the activity.

STEP 9: Advanced Course

This course covers the more advanced topics within for a deeper understanding of the Clasp32 software program. This class should be taken contemporaneously with the Competency Hours and Coaching Course. This course consists of 22 video modules, a 431 page training manual and an additional 196 pages of supplemental reading material.

- Course Fee: \$799

STEP 10: Complete the Coaching Course

Complete the online modules of the Coaching, Consent and Compliance Course. The practicum and observations requirements of the course are designed to be completed as part of the Advanced Course.

STEP 11: Advanced Course Exam

Demonstrate the knowledge gained from our training program through the online Advanced Exam. This examination is required for the Certified Specialist Certification (CBS) and should be taken following the completion of The Quantum Academies’ training courses.

- Exam Fee: \$50

STEP 12: Biofeedback Specialist Application

Following the completion of steps 7 through 11 (Anatomy Course, Competency Hours, Advanced Course, Coaching Course and Advanced Exam), a Certified Biofeedback Technician (CBT) meets the requirements for designation as a Certified Biofeedback Specialist (CBS). The fee for the CBS certification is \$179 and the annual renewal fee is \$79. See <http://banhs.org> (Applications/Biofeedback Certification) for details.
